STATE	WAR	NAVY	JUSTICE						

1. There are two types of German technicians in Yugoslavia:

- a. Those recruited by the Yugoslav Military Mission, chiefly from the Russian Zone; and
- b. Sudeten Germans, who represent the majority and began to arrive in large numbers in June 1946. The most recent group (about 50) arrived in April 1947.

50X1-HUM

2. ⁴⁰ Sudeten Germans working on radio installations alone. These technicians cover all branches of radio. There are also 150 Germans working as mining experts.3. ^{the Zemun airfield} there are no Soviet personnel there and ^{there is} none anywhere else. There are, however, two Germans working on radar at Zemun.

50X1-HUM

4. There are two Germans working on modified designs for Me-110 airplanes. ^{50 or 60 of these planes have been received from the USSR. Experiments are being carried out with jet propulsion; German experts are directing this work.}

50X1-HUM

50X1-HUM

5. Two Germans from the Reich Luftfahrtministerium are stated to be in the Yugoslav Ministry for War. They have a very large number of experimental blue-prints which are being examined by the Yugoslavs.
